# pixfix 100x100

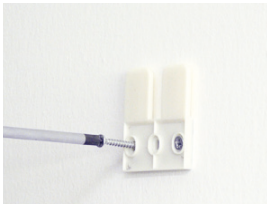

MADE IN EU design by KD

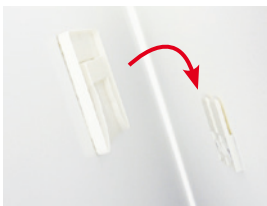

rimuovere il foglio di protezione del biadesivo  
*doppelkleberfolie abziehen*  
**remove adhesive tape foil**

incollare pixfix al pannello  
*pixfix am paneel aufkleben*  
**mount pixfix to the panel**

rimuovere la parte di pixfix che va a parete e montarla  
*wandhalter abnehmen und wandmontieren*  
**mount the wall support to the wall**

inserire il pannello sul supporto a parete montato in precedenza  
*paneel einfach auf wandhalter einklicken*  
**simply click in your panel**

**IT** pixfix vi entusiasmerà: il vostro pannello può essere fissato a parete in modo completamente invisibile e senza essere forato. grazie all'intelligente sistema di inserimento, i pannelli possono inoltre venir cambiati in qualsiasi momento. pixfix può essere fissato alla targa da esporre già direttamente in officina, così da risparmiare tempo sul luogo del montaggio. le dime per il montaggio sono davvero pratiche: si segnano così sul muro i punti dove effettuare i fori con il trapano, senza bisogno di prendere altre misure a vuoto. pixfix si adatta a tutti i materiali perchè può anche essere fissato ai pannelli con delle viti. distanza dal muro: 10mm.

**DE** pixfix wird sie begeistern: ganz ohne lochbohrung und unsichtbar wird ihr paneel befestigt. dank des cleveren einschubsystems können sie die paneele auch jederzeit ganz einfach austauschen. die befestigung von pixfix am paneel kann bereits in der werkstatt erfolgen, so sparen sie zeit bei der montage. praktisch die montageschablone: bohrlöcher werden einfach durch andrücken markiert, ohne umständliches ausmessen. pixfix ist geeignet für alle materialien und lässt sich auch mit schrauben am paneel befestigen. wandabstand: 10mm

**EN** pixfix will inspire you: without the need for holes in your panel and it secures it invisibly. thanks to the clever insert system you can simply exchange the panels at anytime. you can mount pixfix to your panels already in the work shop, saving time on-site later. the label positioning is convenient: press on the pixfix and drill holes which are simply marked on the wall. pixfix is suitable for all materials and can be also mounted with screws to the panel. distance from wall: 10mm

**⚠** si prega di verificare se l'applicazione scelta è adatta per materiale e peso. quando si sceglie il montaggio con adesivi seguire le istruzioni del manuale rigorosamente.

**⚠** unbedingt testen, ob sich ihre gewählte anwendung für material und gewicht eignet. v.a. wenn sie befestigung mit klebstoffen wählen, befolgen sie die bedienungsanleitung.

# pixfix safe 150x200

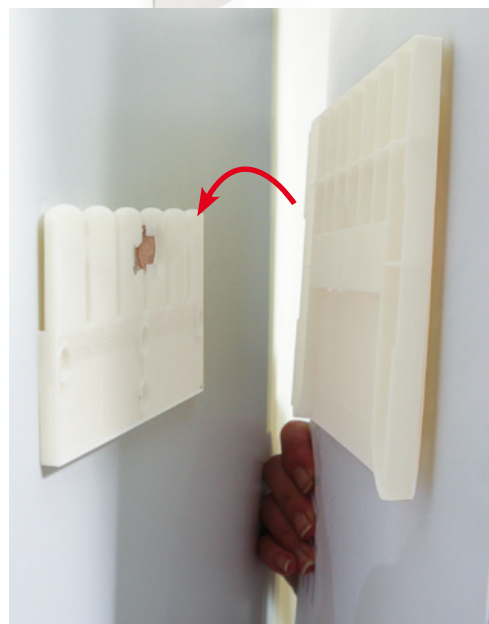

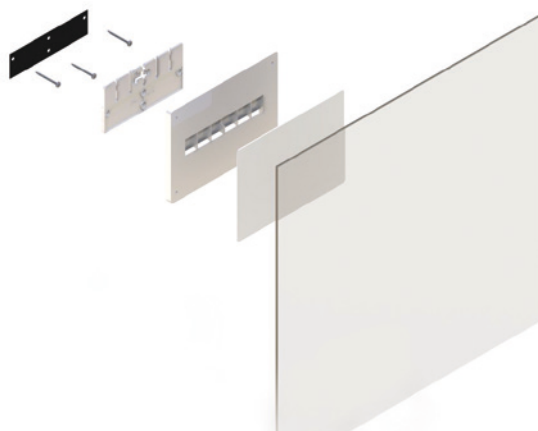

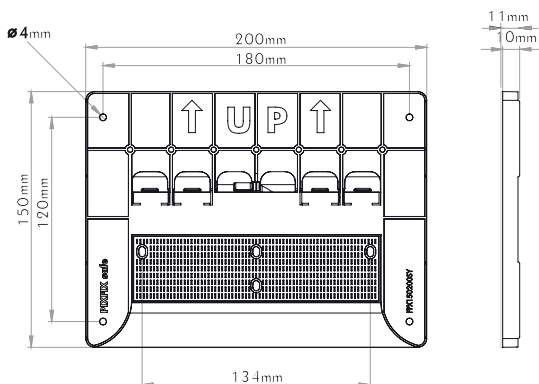

MADE IN EU design by KD

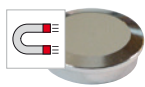

**IT** con il grande pixfix safe facciamo un grosso salto in avanti: adesso potrete fissare a parete senza doverle forare e con un sistema invisibile anche targhe e pannelli di grandi dimensioni. I pannelli possono essere incollati o avvitati al sistema di fissaggio. il clou: un sistema integrato di chiusura, di sicurezza, può essere attivato, a scelta, dopo il montaggio. in questo modo la vostra targa è a prova di furto. la calamita per tale uso è da ordinare separatamente.

**DE** mit dem grossen pixfix safe gehen wir einen schritt weiter: grosse platten befestigen sie damit unsichtbar und ohne lochbohrung. paneele können aufgeklebt oder aufgeschraubt werden. der clou: eine eingebaute sperre kann nach montage optional aktiviert werden. ihr panel ist damit manipulationsgeschützt und diebstahlsicher montiert. bestellen sie hierzu extra den passenden magneten.

**EN** with the bigger pixfix safe we go one step further: big panels can be mounted invisibly and without any holes. panels can be fixed with adhesive tape, glue or screws. the chief attraction: an integrated lock can be optionally activated after mounting easily. thus your panel is tamper- and thief-proof mounted. order the matching magnet extra.

pixfix safe  
FPX150200SY 1pc pz/st/pc

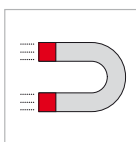

pixfix  
ACALPF magnet, 1pc pz/st/pc

**⚠** si prega di verificare se l'applicazione scelta è adatta per materiale e peso. quando si sceglie il montaggio con adesivi seguire le istruzioni del manuale rigorosamente.

**⚠** unbedingt testen, ob sich ihre gewählte anwendung für material und gewicht eignet. v.a. wenn sie befestigung mit klebstoffen wählen, befolgen sie die bedienungsanleitung.

**⚠** every application must be tested if suitable for material and weight, esp. when using adhesives follow manual instructions carefully.

sistema brevettato a prova di furto: per fissare il pannello alla parete sarà sufficiente spostare la moneta al suo interno con un magnete, in questo modo il pixfix safe non potrà più essere rimosso. Per sbloccarlo sarà sufficiente avvicinare il magnete al pannello spostando la moneta e facendola tornare nella posizione iniziale, a questo punto sarà possibile rimuovere il pannello.

patente diebstahlsicherung: durch verschieben der innenliegenden münze mit magnet wird das wandmontierte paneel abgeschlossen, der pixfix kann nicht mehr nach oben gezogen werden. zum öffnen einfach mit dem magnet über das paneel fahren, die münze bewegt sich in die ausgangsposition und schon lässt sich das paneel wieder abnehmen.

tamperproof design: by moving the coin inside with magnet the wall mounted panel is locked, the pixfix cannot be moved upwards when locked. for opening simply move the magnet over the panel and the coin turns back into the initial position and the panel can be simply removed.

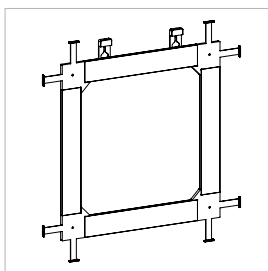

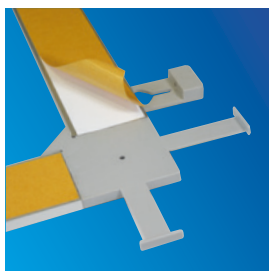

# backframe

MADE IN EU design by KD

**IT** backframe provvede egregiamente al fissaggio, tra gli altri, di pannelli flessibili e sottili, come per esempio i semi espansi, il forex o l'alluminio, perchè assicura una tenuta perfetta, semplice ed estremamente sicura. particolarmente pratico è il sistema di livellatura che backframe offre e che può essere regolato fino a 10 mm, in modo che il vostro pannello sia sempre appeso diritto in modo perfetto, senza dover riforare il muro per riattaccarlo. offriamo backframe come set completo nei formati più comuni; in caso di richiesta sono disponibili altre lunghezze per formati su misure.

**DE** backframe sorgt als ein befestigung v.a. für flexible, dünne paneele z.b. aus hartschaum, forex oder aluminium für die nötige versteifung. zugleich befestigt der backframe ihr pannel sicher und einfach. besonders praktisch dabei die nivellierung fürs aufgehängte pannel, die vertikal bis zu 10mm unterschied reguliert, so dass ihr pannel immer gerade hängt ohne dass neu gebohrt werden muss. wir bieten ihnen backframe als komplettes set für gängige formate an. ausserdem erhalten sie auch alle seitenlängen extra für weitere formate.

**EN** backframe is a mounting system especially for thin and flexible panels made of hard-foam, forex or aluminium. it helps to stiffen the panel, while mounting is easy and safe. the leveling system is particularly convenient for the mounted panel, that can even be up to 10mm, so that your panel will always be straight without drilling new holes. we provide you with complete sets for common formats. also available are all lengths extra to create new sizes.

## included

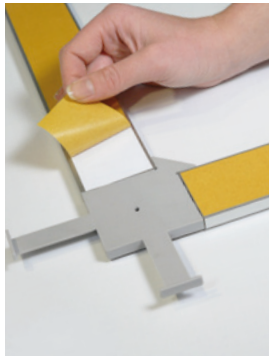

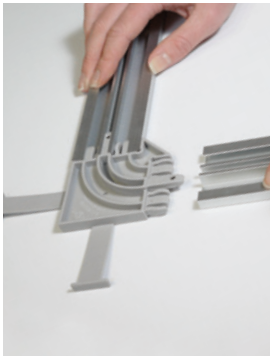

4 profili in alluminio anodizzato color argento, 4 angolari in materiale plastico, quantità necessaria per livellatura a parete, cacciavite

4 silber eloxierte aluminiumprofile, 4 kunststoff eckverbinder, entsprechende nivellierungswandhaken, inbus-schlüssel

4 silver anodized aluminium profiles, 4 plastic edge connectors, needed quantity of leveling wall hooks, allen key

# clamper support

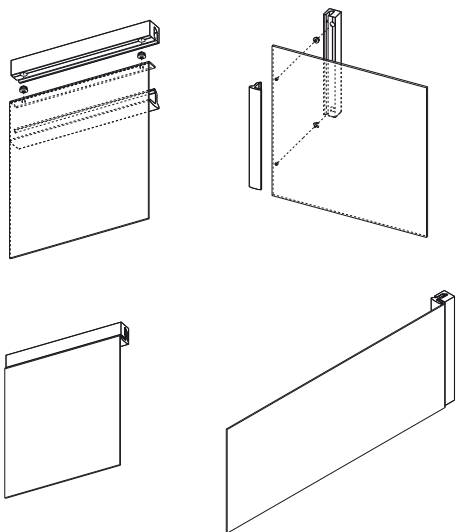

MADE IN EU design by KD

la distanza dei fori nel fisso clamper può variare, quindi prima di forare il pannello si prega di prendere le misure direttamente con il fisso clamper utilizzato.

*abstände der bohrungen bei fisso clamper, können variieren, daher masse für panelbohrung direkt bei den verwendeten fisso clamper abnehmen.*

the distance of the holes on fisso clamper can vary, therefore check the distance for panel holes directly with the fisso clamper used.

**IT** per il fissaggio perpendicolare di pannelli singoli, clamper support si fissa facilmente inserendo la lastra nei fori predisposti. se usato in combinazione con pannelli debitamente piegati e con clamper, potete creare anche della segnaletica a bandiera o a soffitto. materiale: alluminio.

**DE** für die senkrechte befestigung von einzelpaneelen, clamper support einfach in die lochbohrungen einsetzen. mit entsprechend gebogenen paneelen können sie clamper mit dem clamper support auch für decken- oder fahnschilder einsetzen. material: aluminium.

**EN** for the upright mounting of single panels you can simply insert the clamper support into the holes. clamper support even turns your clamper with shaped panels into a flag or ceiling sign support. material: aluminium.

acciaio | stahl | steel

FCL02AL

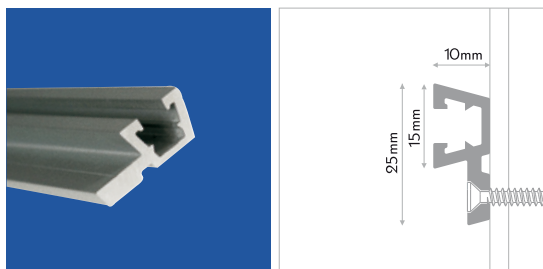

clamper support, 2pcs

## clip rail

MADE IN EU design by KD

**IT** il pratico binario per il montaggio è dotato di dadi che si possono inserire nella cava, con un semplice clic, anche dopo l'installazione. i dadi di materiali plastico si possono spostare verticalmente sul binario in qualsiasi momento, facendo risparmiare tempo e denaro. cliprail si rivela essenziale soprattutto in caso di montaggio di molte targhe o quando la segnaletica debba venir cambiata con frequenza: il binario rimane sempre posizionato dove è stato montato. è necessario forare la parete solo una volta, le targhe possono poi essere cambiate o spostate facilmente sullo stesso binario. realizzato in alluminio anodizzato.

**DE** die praktische montageschiene mit nutsteinen zum einfachen einklipsen auch nach erfolgter montage. die kunststoff nutsteine lassen vertikal jederzeit verschieben. zeit und kostensparend, dabei immer exakt positioniert ist cliprail einfach praktisch bei montage von mehreren paneelen oder wenn schilder häufiger gewechselt werden. die wandbohrungen müssen nur einmal gemacht und die schilder können leicht ausgetauscht werden. aus silber eloxiertem aluminium.

**EN** the convenient mounting rail with sliding blocks that you can easily clip in even after wall mount mounting. the synthetic sliding blocks can be positioned anytime. saves time and money and always perfect in position, cliprail is simply perfect when you mount more panels or you want to exchange signs more often. the holes in the wall you need to drilled only once and the plates can be exchanged easily. cliprail is made of anodized aluminium.

✓ pratico: dadi in materiale plastico ad aggancio sul profilo  
 praktisch: nutstein zum einklipsen  
 handy: clip in thread nut

✓ flessibile: le targhe si possono spostare o cambiare a piacere  
 flexibel: jederzeit verschiebbar  
 flexible: movable anytime

# pixfix 100x100

MADE IN EU design by KD

rimuovere il foglio di protezione del biadesivo  
*doppelkleberfolie abziehen*  
**remove adhesive tape foil**

**IT** pixfix vi entusiasmerà: il vostro pannello può essere fissato a parete in modo completamente invisibile e senza essere forato. grazie all'intelligente sistema di inserimento, i pannelli possono inoltre venir cambiati in qualsiasi momento. pixfix può essere fissato alla targa da esporre già direttamente in officina, così da risparmiare tempo sul luogo del montaggio. le dime per il montaggio sono davvero pratiche: si segnano così sul muro i punti dove effettuare i fori con il trapano, senza bisogno di prendere altre misure a vuoto. pixfix si adatta a tutti i materiali perchè può anche essere fissato ai pannelli con delle viti. distanza dal muro: 10mm.

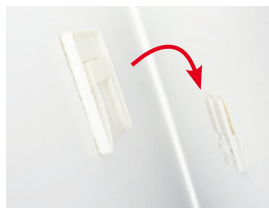

incollare pixfix al pannello  
*pixfix am panel aufkleben*  
**mount pixfix to the panel**

**DE** pixfix wird sie begeistern: ganz ohne lochbohrung und unsichtbar wird ihr panel befestigt. dank des cleveren einschubsystems können sie die paneele auch jederzeit ganz einfach austauschen. die befestigung von pixfix am panel kann bereits in der werkstatt erfolgen, so sparen sie zeit bei der montage. praktisch die montageschablone: bohrlöcher werden einfach durch andrücken markiert, ohne umständliches ausmessen. pixfix ist geeinet für alle materialien und lässt sich auch mit schrauben am panel befestigen. wandabstand: 10mm

rimuovere la parte di pixfix che va a parete e montarla  
*wandhalter abnehmen und wandmontieren*  
**mount the wall support to the wall**

**EN** pixfix will inspire you: without the need for holes in your panel and it secures it invisibly. thanks to the clever insert system you can simply exchange the panels at anytime. you can mount pixfix to your panels already in the work shop, saving time on-site later. the label positioning is convenient: press on the pixfix and drill holes which are simply marked on the wall. pixfix is suitable for all materials and can be also mounted with screws to the panel. distance from wall: 10mm

inserire il pannello sul supporto a parete montato in precedenza  
*panel einfach auf wandhalter einklicksen*  
**simply click in your panel**

**⚠** si prega di verificare se l'applicazione scelta è adatta per materiale e peso. quando si sceglie il montaggio con adesivi seguire le istruzioni del manuale rigorosamente.

**⚠** unbedingt testen, ob sich ihre gewählte anwendung für material und gewicht eignet. v.a. wenn sie befestigung mit klebstoffen wählen, befolgen sie die bedienungsanleitung.

**⚠** every application must be tested if suitable for material and weight, esp. when using adhesives follow manual instructions carefully.

# pixfix safe 150x200

MADE IN EU design by KD

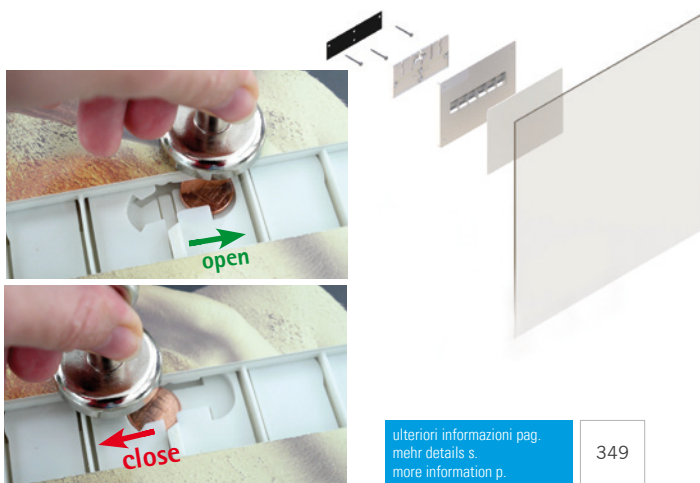

intelligente sistema a prova di furto  
clevere diebstahlsicherung  
thief-proof design

**IT** con il grande pixfix safe facciamo un grosso salto in avanti: adesso potrete fissare a parete senza doverle forare e con un sistema invisibile anche targhe e pannelli di grandi dimensioni. I pannelli possono essere incollati o avvitati al sistema di fissaggio. il clou: un sistema integrato di chiusura, di sicurezza, può essere attivato, a scelta, dopo il montaggio. in questo modo la vostra targa è a prova di furto. la calamita per tale uso è da ordinare separatamente.

**DE** mit dem grossen pixfix safe gehen wir einen schritt weiter: grosse platten befestigen sie damit unsichtbar und ohne lochbohrung. paneele können aufgeklebt oder aufgeschraubt werden. der clou: eine eingebaute sperre kann nach montage optional aktiviert werden. ihr panel ist damit manipulationsgeschützt und diebstahlsicher montiert. bestellen sie hierzu extra den passenden magneten.

**EN** with the bigger pixfix safe we go one step further: big panels can be mounted invisibly and without any holes. panels can be fixed with adhesive tape, glue or screws. the chief attraction: an integrated lock can be optionally activated after mounting easily. thus your panel is tamper- and thief-proof mounted. order the matching magnet extra.

**IT** leggero, facile da usare, veloce da installare: ecco digiplug, il connettore ad 8 vie per pannelli con spessore di 4 mm. digiplug è particolarmente consigliato con pannelli leggeri, di piccole dimensioni e quadrati, perchè il connettore si monta sugli angoli, non in mezzo. digiplug da un lato è filettato, per consentirne l'utilizzo con tutta una serie di accessori. vi offriamo digiplug come set completo fornito in un a pratica valigetta per il trasporto o a singoli componenti.

**DE** schnell leicht und einfach: das ist digiplug 8-wege verbinder für 4mm starke paneele. besonders empfiehlt sich digiplug mit kleinformatigen, quadratischen leichtstoffplatten, da digiplug an den ecken, nicht mittig, eingesetzt wird. jeder digiplug hat an einer seite ein gewinde für die befestigung von zubehör. wir bieten ihnen digiplug als komplettset im praktischen transportkoffer oder als einzelkomponente an.

**EN** quick, light and easy: this is digiplug, the 8-way connector for 4mm panels. especially recommended is digiplug with small sized, squared lightweight panels as the connector is used at the corners, not in the middle. every digiplug comes with a thread on one side for mounting the accessories. we offer digiplug as a complete set with handy transport case or as single components.

## information

particolarmente indicato per pannelli leggeri flessibili e non troppo rigidi o per cartone di 5 mm di spessore, ma che si possano ridurre a 4 mm durante l'inserimento in digiplug.

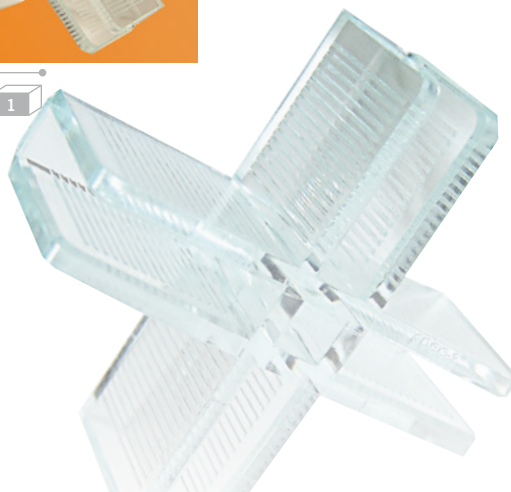

besonders geeignet für flexible leichtstoffplatten oder karton mit 5mm, die sich auf 4mm bei ein-schub reduzieren.

especially recommended for flexible lightweight panels or cardboards with 5mm that reduce to 4mm when inserted
